Building furniture for education environments is in our company DNA. Since 1956, Stevens Industries, Inc. has been designing and manufacturing classroom spaces with innovative surface materials. As need for STEM classrooms, specialized laboratory and maker spaces has grown, so too has our focus on and investment in bringing the best in design and construction. Our enhanced laboratory collection is ideal for your next project!

## CABINET DESIGNS BUILT AROUND YOUR NEEDS.

We have multiple choices designated as base cabinets, laboratory cabinets, tall cabinets & wall cabinets.

## MULTIPLE FUME HOOD CHOICES.

Assure the safety of your laboratory with one of our quality fume hoods. We have an array of top-rated units to choose from.

## COUNTERTOP SOLUTIONS ENGINEERED TO LAST.

Phenolic, Epoxy Resin, Laminate, Hardwood, Solid Surface (Polymer) & Stainless Steel choices. We also have a portfolio of accessories to meet your needs.

## TABLE OPTIONS.

Grow the functionality of your laboratory, we have multiple options that fit the needs of today's K-14 learning environments.
